

CELO2

High-end ceiling speaker 2"

Highlights:

- 2" full range aluminum driver
- High-end ceiling speaker
- 10 Watt RMS power
- SlimLine™ grill with 1 mm thin border
- Elegant & unobtrusive design
- Warm & true to nature sound
- Paintable front grill
- Gold-Con™ spring clamps
- Thin edged white grill (RAL9003)

The CELO series is AUDAC's high-end, slim ceiling speaker series, comprising different models which can guarantee an optimal experience for every situation and application. The ultra-compact size enables the CELO2 to smoothly integrate into any interior like no other loudspeaker. The outer diameter only measures 118 mm, which is as compact as a standard down lighter and the built-in depth of 95 mm allows installation in any ceiling while being unobtrusive. The sound originates from a 2" aluminum cone driver which provides a full-range, warm and detailed sound with an improved response in the low frequencies due to a ported enclosure with closed back can. This way, a smooth sound reproduction with clear and crisp sound is guaranteed. An internal self-resetting network provides an optimal overload protection. All these details share their part to the quality of the CELO2, resulting in a highly reliable loudspeaker producing a pure sound with a maximum power handling of 20 Watt and an RMS power handling of 10 Watt. An elegant look with minimal visual impact is created by the slim grill with very thin border of only 1 mm. To make them blend in even more, the grill can be painted in the same color as the surrounding surface or an optional black grill (GLC02/B) will provide seamless integration in dark environments. The elegant and unobtrusive grill is held in place by means of powerful neodymium magnets, making assembly and disassembly very simple but still reliable enough to keep the grill in place during the complete lifetime of the loudspeaker. Secure mounting and easy installation is guaranteed using the quick-fix mechanism which can be tightened by two screws and the Gold-Con™ spring clamp connectors. The grill is held in place using neodymium magnets, providing a quick and reliable assembly. stable assembly.

Applications:

- Residential
- Retail
- Bars, restaurants
- Public facilities
- Corporate spaces

Impedance:

System specifications:

Speaker type		Full range
Max. Power		20 W
RMS Power		10 W
Impedance		8 Ω (CELO2)
		16 Ω (CELO2D)
Sensitivity (1W/1m)		83 dB
Sound Pressure (Max. W/1m)		93 dB
Frequency	Response (± 3 dB)	120 Hz - 20 kHz
	Range (-10 dB)	100 Hz - 20 kHz
Dispersion	Conical	165°
Connectors		Gold-Con™ spring clamps
Drivers		2" Aluminium membrane

Product Features:

Dimensions		118 x 98 mm (Ø x D)
Weight		0.350 kg
Construction		ABS
Front finish		Thin edged white grill (RAL9003)
Cut-out measurement		100 mm (Ø)
Built-in depth		95 mm
Mounting & handling		2 Screw quick-fixing mechanism
Colours		Black frame & white grill

Variants:

- CELO2D - 16 Ohm version
- CELO2 - 2" high-end slim ceiling speaker
