

Highlights:

- HDMI 2.0
- Stainless steel and Kevlar armor
- Ultra HD 4K 2160p
- Fiber optic technology

The PRX220A series consists of armored optical HDMI 2.0 cables which are able to transmit resolutions up to 4K@60Hz 4:4:4 with a bandwidth of 18Gbps via optical fiber, eliminating the possibility of electronic interference. They are assembled on a light weight, extremely strong and impact resistant reel. The cable is provided with a stainless steel and Kevlar armor to protect the fibers. Combined with the heavy duty connectors with robust covers, this cable is perfectly suited for the harshest use and abuse that any rental and road applications can throw at it.

Components:

- CableType: PRV220A - HDMI A male - HDMI A male - active optical - HighFlex™
- Reel: CDM310 - Professional plastic cable reel Ø 312 mm
